

COVID-19 PROTOCOLS FOR GROUPS USING SHEPHERD FACILITIES

For the safety of our students and community, we will be changing our rules for groups who use our facilities per building requests. These rules must be followed, or your use of our facilities will be revoked. We appreciate the fact that we can provide an opportunity to our students and community members with our facility use, but we must protect everyone involved.

1. Building requests will continue to be good for one month, and will need to be submitted again each month. We really want everyone to get an opportunity to use our facilities, not just certain groups.
2. Age groups will need to stay together, and not mix with other age groups during facility use. (Example: K-5 grade students must stay together, and will use the Elementary gym for their activities. 6-8 grade students will be together, and they will use MS gym. High school age students will be together and they will use the HS gym when available.)
3. Participation in our facilities is for Shepherd students only. **NO STUDENTS FROM OTHER SCHOOLS AT THIS TIME.**
4. Only participants and coaches are allowed at practice during your allotted time. Parents will need to pick up and drop off outside of our facilities.

MASKS AND SOCIAL DISTANCING ARE REQUIRED WHEN NOT EXERCISING!!!!
